

Boat Club's Party Is First Big Dance Of School Calendar

Yacht Party To Be Held In Walker, Friday November 15th

Two Vocalists From Intown
Night Clubs Will Entertain

Starita And His London-Boston
Orchestra Play; Sign-Ups
In Main Lobby Now

Final arrangements for the "Yacht Party," the formal dance held annually by the Tech Boat Club were completed yesterday afternoon with the announcement by the dance committee that open house will be held in the dorms on the night of the dance, next Friday evening, November 15th.

Arthur Hunt, '37, Commodore of the Boat Club and chairman of the dance committee also announced that two well known vocalists from intown night clubs have been obtained. Lovely Lorraine Merrill, formerly of the Brown Derby, and Al Berkinshaw, who sings with Ranny Weeks at one of the better intown hotels will vocalize while Al Starita and his famous London Boston Orchestra will provide music.

Debaters To Meet Harvard Thursday

Technology Team Will Demand
Congress Regulate All
U. S. Commerce

Resolved: That a reform in the Constitution of the United States is imperative, with the following specific amendment to be discussed: that Congress shall have the power to regulate all industry and commerce within the national boundaries. This is the question that the Harvard and Tech debating societies will argue Thursday, November 14, in Eastman Hall, Room 6-120 at 7:45 P.M.

The Tech team is composed of Paul A. Vogel, '37, Robert Treat, Jr., '38, and Edouard R. Bossange, '38, who will take the affirmative. On the Harvard team are Robert Dunn, '37, James Fuld, '37, and James Duggan, '36.

Vogel and Treat are debating together for the 4th consecutive year, having started together at the Nott Terrace High School in Schenectady, N. Y. They also were on the Eastern U. S. Debating team. Vogel is president of the Debating Society; Treat, vice-president; and Bossange, member of the Executive Committee. The same team beat Boston College last year.

Dunn of the Harvard team was winner of the Coolidge Debating Prize in his freshman year.

Chairman of the debate will be Dean Vannevar Bush. The only judge selected, so far, is Mr. Anson Morse. Tech is to furnish two judges and Harvard one.

R. Lennihan Guest Of Seniors In Course XV

On Wednesday evening, November 6th, a dinner meeting took place at the Graduate House with a group of Course XV seniors.

Their guest was Mr. Richard Lennihan, Vice-President of the Nashua Manufacturing Company. Following dinner various current business problems were discussed.

Subscribers To Gridiron Get Rebate In Dorm Offer

Rebates of \$1.20 will be paid to all Dormitory residents who subscribed to Gridiron before the Dormitory blanket offer took effect. Rebates will be made in Room 301 in Walker Memorial, and receipts need not be brought. The refundings will be made any time before November 19.

Fraternities Lead In T. C. A. Drive Collections Total Over \$1900 Including Pledges—At 5 P.M. Last Night

T.C.A. drive collections totaled \$1900 at 5 o'clock last night, with several workers yet to be heard from. As usual, the fraternities were far in the lead in contributing, with a total of \$988, but this year for the first time, contributions from the commuters were more than from the dormitories. The commuters have so far given \$530, to \$382 from the dormitories.

This total of \$1900, which includes pledges as well as cash, is \$600 ahead of the total for the corresponding period of time last year.

The reason for the great increase in contributions from the commuters, according to T.C.A. officials, is the system of "direct contact" which is being used for the first time here. Heretofore the fraternity houses and the dormitories were pretty well canvassed by drive workers, but there was no way of systematically meeting the commuters. This year a system has been devised whereby each drive worker has a list of about fifteen men to contact. While the worker does not have to solicit contributions from any other men, he is responsible for meeting these. In this way it is expected that every student will have been asked for his contribution by the time the drive closes, at 6 o'clock tomorrow night.

In connection with the drive the T.C.A. is showing a series of freshman Camp scenes in the Main Lobby in a machine loaned by the M.I.T. Photo service department.

Hans Mueller First In Series Of Favorite Tech Professors

Editors' Note: This is the first of a series of similar articles written by the Lounge about members of the Faculty and Instructing staff. Next week, and every week following the Lounge will have another intimate portrait by the Lounge.

Opinions

We have wanted for a long time to see this fellow Mueller up in 6-406. Principally because of intriguing humanisms which we imbibed a couple of years ago between plunges into the latter sophomoric period of Physics. That is, he plunged and came up with the answer between his teeth, and thanks to his example we managed to salvage an 80 plus rating.

Professor Hans Mueller has strong convictions concerning the credibility of Mr. Average Person. After years of poking his fingers into electric circuits an electric shock is just another annoyance to Professor Mueller. But, he assured us, most of these people who die from electric shocks react differently. They feel the shock, and reason, "People die from shocks, therefore I am dead." So they die.

Fate Of 1937 Junior Prom Will Be Decided Wednesday With Committee Elections

Technology War Dead Honored In Main Lobby Today

Two Minute Silence At Eleven
Before The War Plaque
In Front Hall

Invocation By Reverend Kopf

Today at 11 o'clock the Peace Meeting begins with a two minute silence before the war-plaque in the Front Hall of the Main Lobby in remembrance of those of Technology who died in the War. Reverend Carl Heath Kopf will then deliver a short invocation, and Martin Gilman, of the advanced R.O.T.C. and member of the "Scabbard and Blade" Society, will lay a wreath at the foot of the plaque.

Immediately following, there will be in Room 5-330 three brief speeches by Martin Gilman, '36, Professor C. F. Taylor, and Robert Kennigott, 'G. After that, there will be a bus ride to the Common, where beginning at 11:45, speeches will be made in behalf of student mobilization for peace. The first speaker will be Robert Newman, of Technology, President of the Boston Committee for Peace and Freedom. The others, will be Fay

Tariffs Explained To Graduate House Men

Harvard Professor Speaks On
Steps In Making Tariffs

Professor Grinnell Jones of Harvard, a descendant of the founder of Grinnell University and one-time professor at Vanderbilt, was the guest speaker at the second weekly dinner of the Graduate House last Wednesday in the North Hall of Walker Memorial.

For the subject of his discussion, the speaker chose to talk upon the tariff rates and his connection with the tariff board. He explained how the rates of tariff are compiled, how

New P.T. Rules Allow Frosh To Transfer Substitutions

Henry P. McCarthy, Director of physical training announced yesterday that freshmen who have signed up for a sport for the first term and who wish to make a change will be allowed to do so during the week of November 25th. These men may transfer to any of the regular recognized sports or to soccer, lacrosse and hockey, which are being allowed to substitute for the first time.

On account of limited facilities, there are some sports which are obliged to drop men as soon as possible in order to cut the squad down to workable size. Men cut from any squad should transfer immediately to any other sport, but these men will not be eligible for another transfer during the week of November 25th.

"Frostbite" Mass Meeting Tuesday

Student Meeting Concerning
Dinghey Sailing To Be
Held Nov. 12

A mass meeting of the students will be held on Tuesday, November 12, in Room 5-330 in connection with the proposed "Frostbite" dinghey sailing, to determine to what extent the student body is in favor of taking up this new activity.

President Compton will speak at the meeting, and motion pictures and colored slides of these small craft in action on the Charles River Basin will be shown by Professor George Owen. One of the dinghies is on exhibition in the front hall of the Main Lobby, so that the student can see at first hand what type of craft they are.

At the meeting the student will be asked to state his desire to have the sport initiated at the Institute, his previous experience in handling sailboats, and whether he will avail himself of the opportunities offered him if the Institute acquires a dozen or so of the "Frostbite" dinghies.

Instruction will be given during the winter months, to be followed by actual practice when adequate proficiency in managing the craft has been attained. "Frostbite" sailing at Technology will be instituted as an official inter-collegiate affair.

An item of particular interest is contained in the fact that four Technology men, invited by the Commodore of the Brown Yacht Club to sail at Bristol, Rhode Island, as unofficial representatives of the Institute, won first place in one of the events.

Commuters Will Hold "Vic" Dance Tonight

With music provided by the best bands in the country, the Commuter's Club will celebrate Armistice Day this evening at an informal victrola dance in their club room. Admission will be fifty cents per couple for non-members, while club members will be admitted free. No stags will be permitted.

The Commuters are also planning to hold a dance in the Main Hall of Walker on Thanksgiving eve., November 27th. Ken Reeve's band will furnish the music for this dance.

Financial Failure In Past Grounds For Abandonment

Had \$482 Deficit Last Year;
Duchin Played At Statler

Past Prices Have Ranged From
\$7.50 In 1934 To \$12
In 1932

"Whether five popular, or five capable, men are elected to the Junior Prom Committee next Wednesday will decide the success of the 1937 Junior Prom," said John C. Austin, President of the Institute Committee last night.

"Financial failure of the Prom in the past has led to talk about abandoning it, but each year the Junior Class is given another chance to make good. Much more enthusiasm must be shown by the Junior Class if a successful Prom is to be run," he continued.

Polls will be open from 8:30 A.M. to 5:20 P.M., next Wednesday in the Main Lobby and during lunch hour in Rogers Building, to give the Class of '37 a chance to pick its Prom Committee as well as members of Beaver Key Society.

Prom Elections
(Continued on Page 4)

Tech Show Chooses Thirty-seven Men For The Cast And Chorus

Men Are Still Needed To Fill
Positions In Chorus;
In New Show

At the Tech Show tryouts twelve men were selected for the chorus and twenty-five for the cast last Wednesday, November 6. Candidates also reported for the management of the branches of the show.

The Show has a better group coming out for it than in previous years. Competition for places in the cast should prove to be keen with such a large group, according to Fred A. Prah, Jr., '36, president of Masque, the advisory body to the Tech Show.

Since men are still needed for the chorus, additional tryouts will be held next Wednesday, November 13, at 7:30 o'clock in the Gym in Walker Memorial, at the same time as the rehearsal, according to Francis S. Peterson, '36, manager of the chorus.

The new men who have been selected for the chorus so far are: Chester Cooper, '39; Robertson Youngquist, '39; Richard Davis, '39; Fred Sheldon, '39; Earl Wilkinson, '39; Joseph Harrison, '39; Henry Landweher, '39; Donald C. Thompson, '36; Alfred E. Hale, '37; Edward Mosehauer, '39; Thomas Oakes, '39; and William Hartman, '39.

Open House Issue To Get Vote Of Faculty

The results of the students' ballots taken Wednesday, November 6, regarding the usefulness of Open House will not be known till next Friday, November 15, after the Combined Professional Societies has held a meeting to decide its future actions.

Ballots will be sent to the Faculty Tuesday, November 12, in such a form that they can be returned unsigned if such is desired.

POLITICAL CRYSTAL GAZERS

WHERE THEY FAIL

WITH an ear to the ground, an eye to the future their backs to the wall, and with their hands in the taxpayer's pockets the politicians of the two major political parties are scanning anxiously the political horizon to find out from which side the wind is going to blow in 1936.

The latest off-year elections in New York State, Philadelphia, Detroit, Kentucky, and elsewhere afford another opportunity for party chiefs, also-runs, and editorial writers to probe into the mysteries of the divine will of his majesty the voter; for the party chiefs, to adjust campaign speeches, platforms and slogans; for the also-runs, to select the wagon onto which to hitch their political fortunes; and for the editorial writers, to direct their verbal blasts against those to whom their readers appear to be opposed most strongly at the moment.

Curiously enough, election returns in the past have invariably prompted the publicity agents of both parties to claim simultaneously that the vote unquestionably constituted a swing toward their own party, and from the opponent. These latest election returns gave rise to the identical spectacle. What is the true situation?

Even superficial analysis of the New York State returns reveals that the voters had decided for the Republicans locally and for the Democrats nationally. Proof of this are the reversal of the small Democratic majority into an equally small Republican majority in the Assembly balloting, while the Democrats regained two seats in Congress from New York City, and received approval for the Governor's state relief bond issue which was fought out on national "lines". Another remarkable trend, already noticeable in 1932, and continuing in these latest elections, is the clear cut division of the electorate according to income groups. A study of the presidential elections of 1932 by Professor Ogburn of the University of Chicago showed that the majority of voters paying thirty dollars a month for rent or less had decided for Mr. Roosevelt while the verdict of those paying rent sixty dollars or more was predominantly for Mr. Hoover. This may explain why the Democrats received a 500,000 vote all-in-all majority in New York State but failed to carry many of the "fashionable" counties or districts such as Hyde Park or Poughkeepsie which, it is claimed, possesses only two major industries: a cough drop factory, and Vassar College.

The inescapable conclusion then is that as long as there are ten million unemployed and their dependents the Democrats will have a powerful block of voters to appeal to that is, as long as they remain economically insecure and forced to rely upon the various relief agencies from AAA to ZZZ, no matter how wasteful and unjustifiable they may seem to the better fed, public spirited voters; and a man is still entitled to but one vote, the size of his income tax payments, notwithstanding.

The fate of the coming elections in 1936 and particularly in 1940 (where the President's personal appeal will be missing) will be decided not by party efforts but by the ability or failure of industry to resume normal and balanced operations, and to re-employ the majority of those now out of work. The initiative must be with industry; all this talk about government interference and increased

taxation throttling recovery—whether or not justified—will not bring remedial action as long as a considerable proportion of the population is dependent on public relief, thus giving the Administration the moral and (if necessary) physical support to continue this mass of emergency legislation.

In the face of these fundamental factors all Hearstian hysterical exhortations against the "Raw Deal" will fall upon deaf ears because the acts of the Administration have been much less "raw" to his unemployed or low paid readers than to the distinguished rancher from San Simeon, what with the short taste of NRA minimum wages, the Wagner Labor Act, unemployment insurance, old age pension plans, relief billions, "soak the rich" taxes, etc., etc. In the face of these factors the most solemn declarations by Liberty League lawyers to uphold the sacred parchment of 1776 will be ignored, and the wholesale condemnations of the dangerous doings of bright young Harvard proteges of Professor Frankfurter (dubbed "the hot dog boys" by Gen. Hugh S. Johnson) in Washington will produce no more than smiles.

In the final analysis people are motivated by powerful and not always easily discernible economic forces even though popular demand for action may manifest itself in a highly emotional and irrational manner.

"REVOLT ON THE CAMPUS"

ITS DESCRIPTION OF TECHNOLOGY

JAMES WECHSLER, Editor last year of the Columbia "Spectator" and now a contributing editor of the "Student Review", has just written a book which he calls "Revolt on the Campus". In the main it is concerned with a discussion of the student movement to the left, and includes a portrayal of student and official attitudes at some of the larger colleges.

More particularly are we concerned with Mr. Wechsler's description of Technology as a huge and efficient capitalistic subsidy, manufacturing engineers to fill the ranks for captains of industry with the consequent enrichment of the capitalist system. He points to the mighty industrial organizations represented on the Corporation, the sensitive conservatism of students and administration, and the belief that most students come from the homes of the upper or upper middle classes.

Unfortunately Mr. Wechsler's picture is spotted with bits of gossip beyond verification, but generally his description is an accurate one. In one point of fact, however, he errs glaringly. Most of the students who come to Technology are not from the homes of the wealthy, nor even from upper middle class families.

A better picture of the average Technology man would be one in which it was emphasized that his education was made possible only through sacrifices on the part of the members of his family. Often he finds it necessary to work during the summer to earn a part or even all of a term's tuition.

But return for a moment to the conception of Technology as a subsidy of capitalism. It was only after considerable reflection that we realized that this is quite true. Most of the Technology undergraduates will later be employees of great corporations; most of them hope to be.

And in this lies the vortex of Mr. Wechsler's whirlpool of fear. Perhaps it is difficult for him to understand why a student should strive for four years to equip himself for a job with, let us say, General Motors. But for those of us (we believe the majority of students) who have no quarrel with capitalism, this is not an inconceivable ambition.

The single individual to whom Technology owes most would be the late George Eastman a noted capitalist. We experience no feeling of servility in doing him honor, nor any sense of shame in accepting his generous gifts.

Consequently all of our student friends to whom we have shown "Revolt on the Campus", remarked in effect, "Quite true. But so what?" Thus the Technology student expresses a mild disinterest in a condition which he admits but which fails to alarm him. In fact we have a feeling that most of them read the pages we indicated only for the juicy gossip therein contained.

"Revolt on the Campus" by James Wechsler is published by Covici-Friede.

ELECTIONS

Volume LV is pleased to announce the promotion of the members of its staff to the following positions: staff assistant, Victor A. Altman, '38; Frederick J. Kolb, '38; Anthony Chmielewski, '38; Ruth G. Rafferty, '38; George J. Stansfield, '38; John R. Summerfield, '38; Harold H. Strauss, '38; and Leon Baral, '38; night editor, Dudley A. Levick, Jr., '37; to the position of reporter, Abner White, '37; Burnett Pitt, '39; Karl W. Melville, '39; Reevan Spiller, '39; Seymour Gross, '38; David Kaufman, '39; Michael Scalia, '38; David Chin-Park, '39; Edward Chin-Park, '40; Edward P. Bentley, '39; Samuel Cohen, '39; Andrew L. Fabens, '39; Frank B. Gorman, '39; William A. Merritt, '39; Maurice A. Meyer, '39; Charles T. Ryder, '39; and Ralph S. Woollett, Jr., '39.

Reviews and Previews

AT THE THEATRE

METROPOLITAN — The Crusades with Loretta Young and Henry Wilcoxson. On the stage—Diversities.

KEITH MEMORIAL — Remember Last Night with Edward Arnold and Constance Cummings.

MAJESTIC — A Midsummer Night's Dream with Verre Teasdale, Anita Louise, Joe E. Brown, James Cagney . . . etc.

RKO BOSTON — Bad Boy with James Dunn. On the stage—Let's Swing It Revue.

MODERN — Hands Across The Table with Carole Lombard. Also Personal Maid's Secret with Margaret Lindsey.

UPTOWN — Diamond Jim with Edward Arnold.

PARAMOUNT AND FENWAY — Two-Fisted with Tracy. Also Dance Band with Charles Rogers.

LOEW'S STATE AND ORPHEUM — Barbary Coast with Miriam Hopkins and Edward G. Robinson.

SYMPHONY HALL — Prokofiev and Shostakovich. Also Respighi and Ravel. In Selections from the Moderns.

COMMENTS

Coming to the Boston regular-priced picture houses is that stirring motion picture epic The Crusades. It is the history of one of the most romantic love stories of the time. The picture is quite similar to the rest of DeMille's spectacles in as much as plot, costume and action are concerned.

Chills, mystery and comedy run rampant through Remember One Night. It is an exciting story of the thrilling gay life of the smart set.

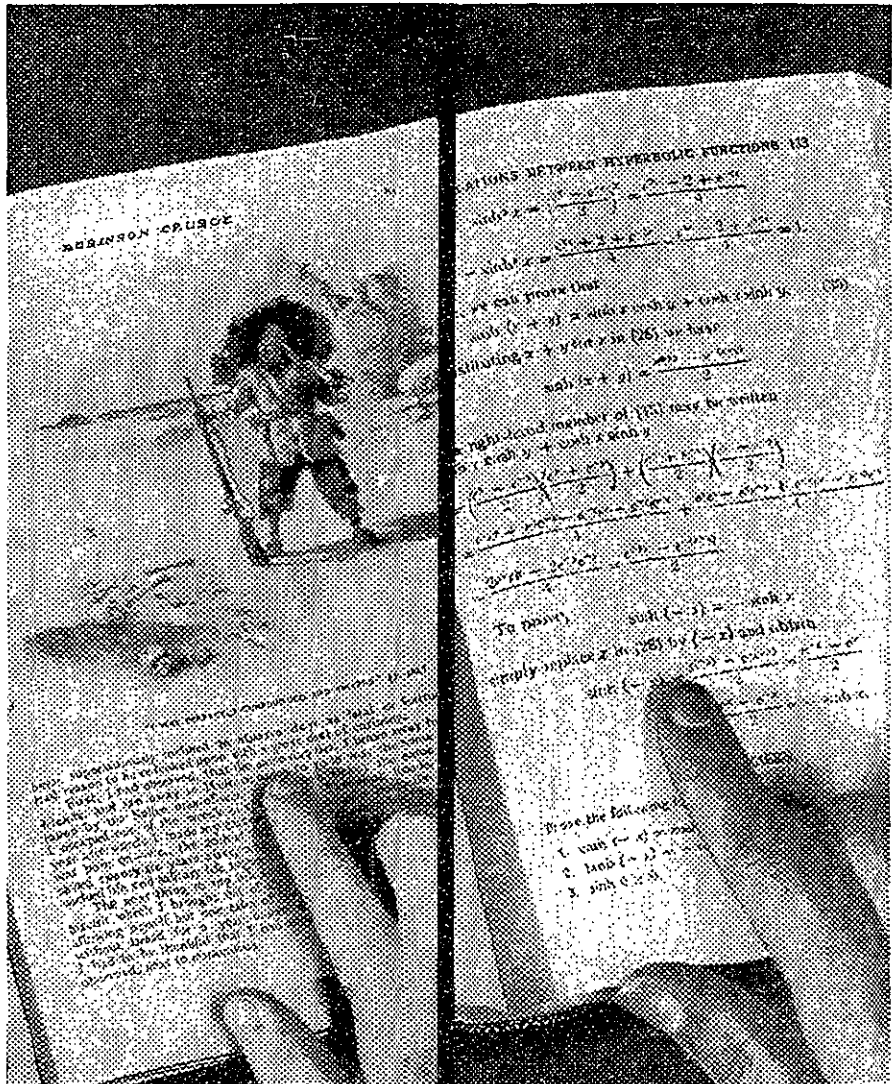

Expose

Not the least of a columnist's headaches is the weekly battle with the night editor to convince that very harried Power-For-A-Night that the column must not be cut in favor of a squib on the dinner banquet of the Technology Bug-Eaters, to be held in the North Hall of Walker on Friday evening at 7 o'clock, tickets may be obtained from any of the members or at the Margaret Cheney Room. Whereupon the Bug-Eaters are given precedence over several paragraphs of topics of the moment, which topics disappear into the vague vastness of the "overset" and reappear several months later when a night editor is short of copy. And every one asks us why we don't keep up to date.

More Expose

When we turned our column over to our subordinates last issue, and then went off to photographic pleasures, we got more than we expected. Seems a disgruntled Soph inserted his own opinions in a franker manner than we have been accustomed to.

Of course, it was good clean dirt, whether true or not. But we haven't any intentions of turning our column into the griping spot for dissatisfied undergrads. Not for a while. Because, much as we would like to print undiluted truth, there would be an unearthly howl following what would be obviously a prejudiced presentation of facts.

You haven't stood still since 1925

... neither have we

YOU have made great progress in the past 10 years. Let's see some of the things the Bell System has been doing in that time.

Since 1925, we've cut the average time for completing Long Distance connections from 7½ to 1½ minutes. We've made the service more immune to weather—94% of our wires are now in cable. We've increased the telephone's scope about 80%—you can now reach nearly 31,000,000 telephones, in every quarter of the globe.

The next 10 year period may bring equally important advances. That is one of the ever-present thrills in telephone work!

See for yourself how fast you can "go home" by telephone. Bargain rates on station-to-station calls after 7 P. M.

SYSTEM

Hockey May Now Be Substituted Instead Of P.T.

Ralph T. Jope Announced Ruling Of Advisory Council At Rally

Coach Owen Will Have Frosh Practice If Numbers Warrant

Good Season Expected Because Mary Varsity Men Are Back Again

At a hockey mass meeting held in Room 1-190 at 5 o'clock Wednesday afternoon, Ralph T. Jope, Chairman of the Advisory Council on Athletics, announced that freshmen who want to go out for Hockey would be allowed to substitute it for P.T. providing they follow the usual rule of attending practice three times a week.

At the meeting, Coach George Owen announced that if there were enough freshmen out for the team, regular freshman practice would be instituted and possibly games arranged.

The announcement made by Chairman Jope climaxed a ten-year struggle to obtain the substitution of hockey for P.T. Coach Owen praised the material he obtained from the freshman class last year and expressed the hope that even more promising hockey players would result from the training which the freshmen will get in their practices. The practice for the frosh will include besides instruction and practice in plays, scrimmage sessions with the varsity team at regular intervals. Freshmen interested in hockey were asked not to come out for three weeks until the Coach has a chance to whip the hockey team into shape and expand the rather limited facilities now available so as to be able to devote his time to the yearlings. Notice of the first freshman practice will be posted on the bulletin board near the Cashier's office, as will all other hockey notices henceforth.

Boat Club Dance

(Continued from Page 1)

The dance will be run on cabaret style and promises to be one of the most glamorous social functions of the Institute term. Table reservations are being made this week and will continue next week. For the occasion, Walker will be decorated in true nautical style with signal flags, smoke stacks, foghorns, life preservers, ship bells, and other marine instruments displayed all around the dance floor. In addition a massive gang plank will be placed at the entrance to the hall while overhead one of the regular racing shells will be suspended.

Reservations This Week

Two years ago when Al Starita played at the regular Boat Club dance the affair was such a great social success that although nearly three hundred couples were accommodated, reservations for one hundred other couples had to be turned down due to lack of room. This year the committee has limited the attendance to two hundred and seventy-five couples, thus assuring against overcrowding. Reservations may be made in the Main Lobby this week and will continue during the early part of next week. Although nearly two hundred reservations have already been made, the committee wishes to remind that it is not too late to get tables on the main floor.

Starita Well Known

Al Starita has and his orchestra have just returned to Boston after having toured the better summer resorts of northern New England. He is well known in this section even though he has been playing in this country for only two years. Prior to this time he played in London, England, where he entertained at the famous Kit Kat Club, and also at the well known Piccadilly Hotel.

Undergraduate Notice

All Field Day football uniforms and equipment must be returned by Tuesday, November 12. This equipment is the property of the A.A. and must be returned promptly under penalty of fine. Uniforms may be turned in at team Room B at the Field House between 4:30 and 5:30 on Tuesday.

Final Picture Signups Made by Next Tuesday

Canvassing Of All Fraternities To Begin Next Week

A last chance to sign-up for Technique pictures will be in the Main Lobby from today till Tuesday, November 12, and all seniors and graduate students are asked to make appointments at once if they have not done so. A well known New York photographer has been engaged to take the pictures.

Booters Face Clark, Hope To Repeat Win

Fresh from its victory over Bridgewater Teachers last Saturday, the Technology soccer team will attempt to continue its winning at the expense of Clark in a game to be played at the Coop Field tomorrow afternoon.

Coach Goldie contemplates no changes in his line-up, which has remained practically intact since the season's opening. The team will be anxious to take Clark in their stride as they point for their following big games with Army and Harvard.

Soccer Correction

The Tech wishes to apologize for an error made in the last issue in Sports Comment column. The column stated that the Tech soccer team had scored only once in two years and had won no games in an equal length of time. The writer was incorrect as records show the team won one game and scored six goals last season.

Technology Ski Club Holds First Meeting

The first meeting this year of the Tech ski club will be held Wednesday, November 13, at 5 o'clock in Room 6-120. In addition to the discussion of plans for the coming season, motion pictures will be shown. Guests and prospective members are welcome.

Wellesley Choir Will Sing With Glee Club

First Sunday Concert Will Be Held In Walker Memorial

The first Sunday concert of the glee club this year will be held November 24, in conjunction with the Wellesley Choir. After a very successful concert last year between the two organizations, it was decided to repeat the arrangement this year. The concert is being sponsored by the Faculty Club, the Graduate Dormitories, and the Undergraduate Dormitories. Open House will be observed in the dormitories that afternoon.

It is not too late for any one to join any of the various musical clubs. The orchestra rehearsals are Monday and Wednesday at 5:00 P.M. in Room 2-390; the Banjo Club, Monday in 2-390, at 7:00 P.M., and Thursday in the Dormitory Committee Room at 5:00 P.M.; and the Glee Club Tuesday and Thursday in 2-390 at 5:00 P.M. Any one wishing to join may do so at these times.

Undergraduate Notice

The manager of the Fall Tennis Tournament has requested that all possible matches be played off this week-end. The weather will be growing successively worse and unless the bulk of the matches are played before Monday, it will be difficult to complete the tourney.

Tech Cross Country In N.E.I.C.A.A. Run

On November 11, the Varsity and Freshmen CrossCountry teams will compete in the annual N.E.I.C.A.A. meet, held at Franklin Park. The Varsity team has not had a very successful season so far, and will consequently be out to make a good showing. Captain D. Chalmers is not expected to run since he injured his ankle in practice. The rest of the team is ready for the meet.

The Freshmen are expected to do well as they have shown considerable power in the past, and have a good chance to place. Twelve colleges will compete in the Varsity cross-country run. In the Freshmen division there will be ten teams running. The line-ups for the Varsity and Freshmen teams are:

Varsity

Chalmers, Cooper, Fitch, French, Guerke, Kittell, Mathews, Oakes, Sabi, Viles.

Freshmen

Dana, Fogliano, Peter, Ross, Spinner, Swan.

Set of Goethe's Works Offered by Foundation

The Carl Schurz Memorial Foundation, Inc., of Philadelphia, has received a hundred sets of Goethe's works from the Frankfurt Goethe Museum, to be distributed among the German departments in various colleges and universities throughout the United States as prizes to students who show distinctive work in the field of Germanics or cultural relations. The German department of Technology has been offered one of these sets, and students interested in competing for the prize should see Professor Langley.

Ave. Authorized and approved literature on Christian Science may be read, borrowed or purchased.

Record Turnout For Wrestling

40 Freshman Candidates Appear At Hangar Gym Tryouts Prospects Good

Wrestling promises to forge to the front as a Technology sport with a record turn-out of men this week. Coach Jay Ricks says that the team looks better now than any year and promises correspondingly good results. Four men on the freshman squad have wrestled before, and the varsity has its fill of experienced men. Among the veterans of last year's squad, we have Harold George, Ed Boyan, Joe Heal, and Don Cestoni. Two newcomers, Ed Bartholomew and Ed Brittenham, are slated for varsity. Coach Ricks is teaching the freshmen all fundamentals, how to walk on the mat; ways of going behind, such as the single and double leg tackle; and counters for many of the foregoing holds.

All varsity candidates for wrestling are requested to report at the hangar Gym, Monday, November 11, for the start of a special course in leg wrestling to be given by Coach Jay Ricks.

Infirmary List

The patients in the Infirmary are Miss Mary Arnold, Employee, Robert Baillie, Employee, Theodore Harris, E. R. Nalle, '38, and D. Vanderhoef.

Vacation Bound?

Send Your BAGGAGE Home by RAILWAY EXPRESS

No need to burden yourself with the transportation of trunks, baggage and personal effects at vacation time...send them all home by Railway Express.

Here's the way...merely telephone Railway Express and we'll call for the shipments—whisk them away on fast passenger trains, swiftly and safely to destination. You take your train home with peace of mind, knowing your baggage will be home almost as soon as you are. Rates surprisingly low; two receipts—one at each end—insure safe handling and delivery.

After vacation, we'll bring your baggage back again, eliminating all worry, trouble and unnecessary expense.

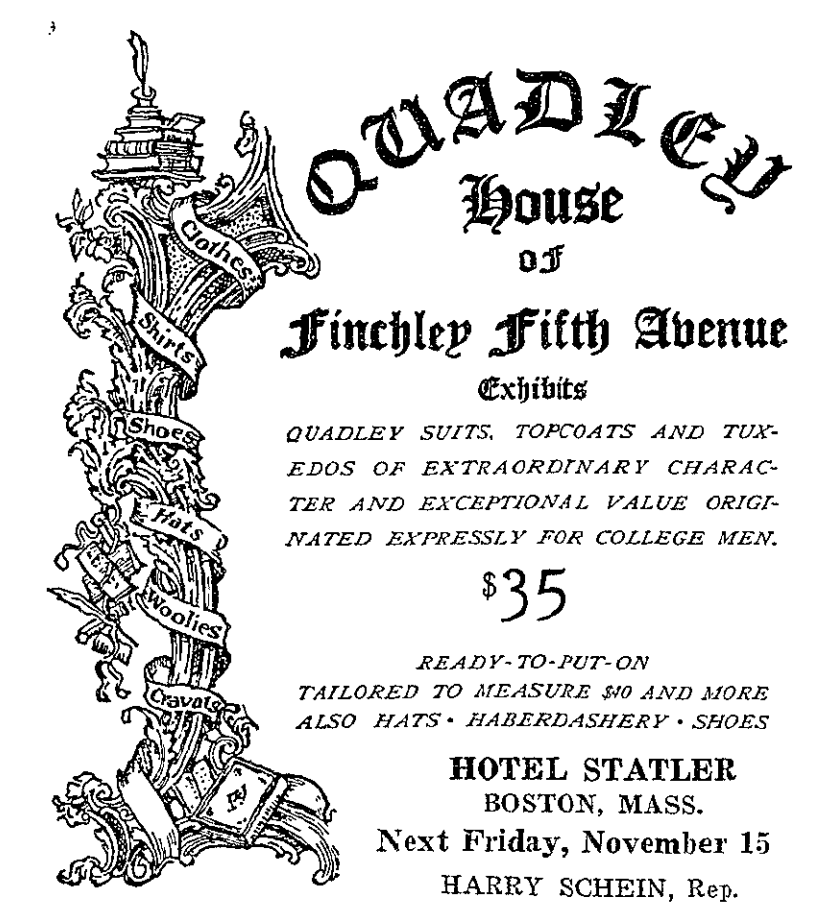

For service or information telephone 9 BROOKLINE STREET

struggling student to see that Physics, yea even Newton, can prove of interest when presented in the proper manner.

Speaking of sharpshooting, incidentally, there is a fine story of Professor Mueller's on the experience hunting in the country. Meat on the table being a pleasing prospect, he had set out with laudable intent to prove the bullet faster than the rabbit. Upsetting all precedents of rabbit hunting stories, he found a bunny unaware of his approach. There must be no missing! At ten yards he squeezed—not pulled—the trigger. Whereupon the rabbit was differentiated. So rather than eat equal parts of rabbit and shot, Professor Mueller did not have rabbit for dinner.

His hobbies—a little of this and less of that. Smoking—most anything, anytime. Fishing—but not for three days in succession without catching a fish. Raising vegetables.

As for research work, there is nothing definite at present. He is trying out miscellaneous ideas. We envy him. "If the experiment comes out right, the first time there is something wrong somewhere," he told us. Harken oh frosh and Soph!

No Issue Scheduled For November 12

Because of the holiday on Armistice Day, next Monday, there will be no issue of The Tech on Tuesday, November 12.

Prom Elections

(Continued from Page 1)

Turnouts at the polls are usually considered an indication of class support of the Prom, and the Institute Committee rulings against voting blocs and electioneering at the polls are still in existence.

Last year the Junior Prom had a deficit of \$482, out of a total budget of \$1770. The price was \$8, signups \$3 and redemptions \$5. Eddie Duchin's Orchestra played at the Hotel Statler Grand Ballroom.

In the years before, Mal Hallett, Bert Lown, and Ranny Weeks furnished the music, at prices ranging from \$7.50 in 1934 to \$12 in 1932. The Prom was first held outside of Walker in 1934.

David S. McLellan, '37, President of the Junior Class is chairman of the Prom Committee. He is largely responsible for the co-operation of the Institute Committee and its Executive Committee.

Beaver Key Society to which eight men will be chosen is an honorary society which acts as host to visiting teams. It holds several meetings as well as social affairs throughout the year.

they may be altered, and what steps must be taken before Congress may recommend a change in tariff to the President.

In this connection, Professor Grinnell related some amusing experiences which he had encountered while on a visit to Europe for the purpose of making an investigation of the vegetable oil industries. His most interesting experience of the whole trip was a journey during which he and the present Emperor Haile Selassie of Ethiopia were fellow travellers in adjoining compartments in the same train.

In the eskimo language, "I love you" is unifgaernaburenolfingunagioregaifoes. Perhaps this will clear up that old question on why the Arctic night is so long.—Purdue Exponent.

"Camels don't get your Wind"

FAMOUS ATHLETES AGREE

George M. Lott Jr. Cyril Harrison

● If you have searched for cigarette mildness, mark the words of George Lott, the tennis champion, and the 7-goal polo star, Cyril Harrison. "Camels," says Mr. Harrison, "are so mild they don't upset the nerves or affect the wind. And when I'm tired I get a 'lift' with a Camel." And Lott adds: "I understand that more expensive tobaccos are used in Camels. They are gentle on the throat. And Camels never get my wind." Turn to Camels and enjoy to the full the pleasure that comes from costlier tobaccos.

Some of the famous athletes who approve of Camel's mildness

BASEBALL: Gabby Hartnett, Chicago Cubs; Tommy Bridges, Detroit Tigers; Dizzy Dean, St. Louis Cardinals; Lou Gehrig, New York Yankees; Melvin Ott, New York Giants.

TENNIS: Ellsworth Vines, Jr.; William T. Tilden, 2nd; George M. Lott, Jr.; Lester R. Stofen; Bruce Barnes.

GOLF: Gene Sarazen, Craig Wood, Tommy Armour, Willie Macfarlane, Helen Hicks, Denny Shute.

TRACK AND FIELD: Jim Bausch, Olympic Decathlon Champion; George Barker, Former Intercollegiate Cross-Country Champion; Leo Sexton, Olympic Shot-Put Champion.

SWIMMING: Helene Madison, Stubby Kruger, Josephine McKim, Buster Crabbe, Jane Fauntz.

DIVING: Harold ("Dutch") Smith, Georgia Coleman, Pete Desjardins, Sam Howard.

So Mild! YOU CAN SMOKE ALL YOU WANT

● There's a bit of friendly guidance for others in what men like Lott and Harrison, Buster Crabbe and Sarazen, say about Camels. They have tested Camels for mildness—found that Camels don't affect sound wind or jangle their nerves. So turn to Camels. You'll find real hit-the-spot flavor. A distinctive, pleasing taste. Smoke Camels freely, for athletes find Camels don't disturb their "condition." Costlier tobaccos do make a difference!

© 1935, R. J. REYNOLDS Tob. Co.

COSTLIER TOBACCOS!

● Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
